

Stena Line Ports Limited

Marine Policy Statement

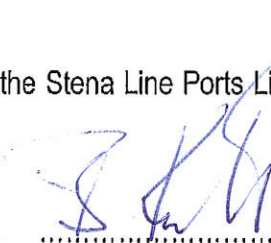

The 'Stena Line Ports Limited (SLPL) Marine Policy' provides the assurance that SLPL as the Harbour Authority consistently and appropriately addresses the requirements laid out in the Department for Transport (DfT) / Maritime and Coastguard Agency (MCA) 'Port Marine Safety Code'. This Marine Policy has been prepared using the latest version of the Code and the Guide to Good Practice.

The Marine Policy describes how the Harbour Authority's overarching responsibilities in respect of the Code are designed and implemented. This Policy is delivered through SLPL's approach detailed within the 'Marine Safety Management System Group Manual' which provides the foundation for ensuring individual SLPL ports and harbours address the Code's requirements. Each port within the SLPL Group supplements this document with a local Marine Safety Management System (Marine SMS) which incorporates port specific operational manuals and plans.
